

The Biggest Event in Carp Fishing The Brentwood Carp Show

Its nearing the penultimate show of the season, the Brentwood Show on January 28-29th.

This year, as ever, we have the very cream of the Premium manufacturers, in fact it's the only show where you can see the likes of Freespirit, Aqua Products, Nash Tackle, Sonic, Jag Products, NBrice and many more all under one roof. We have the theatre jam packed with quality talks and outside Nash, Sonic and Freespirit are all demonstrating their ranges of rods, for you to trial. Not forgetting the 11 Free Goody Bags from major manufacturers!

There are masses of Brand new products being showcased from virtually every stand. A couple of products to catch our eye are the mini Spomb, which they are aiming to launch at the show, also we have the Freespirit 'Spomb' rod- developed with a stiff butt section and responsive tip to eliminate the wobble at the start of the cast and hence maximise the casting distance and accuracy when casting the Spomb and new Mini Spomb. You will be able to not only see this in action but also have a go yourselves. Also for the first time is NBrice Stainless- showcasing all there high spec carbon products, the quality of these can only be appreciated in the flesh. Nash Tackle have excelled again in a plethora of new shelters to suit every style. These are just a few products to catch my eye but practically every company will be unveiling new products, so make sure you take the time to visit every stand and make sure you visit the country's largest retailers with ridiculous offers on tackle.

After last year's massive success we have endeavoured to increase the aisle's where ever possible and have added another 30% to the marquee to squeeze in even more exhibitors. We are also sporting a new layout, with two new bars and restaurants, one at the end of the marquee and one by the Theatre room- Fosters only £2.50 a pint!

Our limited advance Tickets, always sell out quickly and this year they are selling faster than ever, so to make sure you get the Free £10 DVD's make sure you book your tickets online!

All exhibitors and floor plan will be listed shortly, along with Theatre room talk schedule.

See www.carpshow.com for all information and if you click like on our facebook page ' carp spectacular' you could win yourself a Titan.

Look forward to seeing you all there!
